

# NexClaim Recoveries

**SUBROGATION:** The recovery of healthcare claim dollars attributable to another party.

## All Types of Subrogation Services

**FACT:** More clients are choosing NexClaim's superior recovery services at **No Risk!** What are you waiting for?

## Advanced Technology is the Difference

NexClaim's proprietary information systems - NexScan™ - have been developed and refined to provide superior results for all aspects of the subrogation process

## The NexClaim Advantages

- Ø A true audit independent of your claims payer, contracted directly with you, the party at risk.
- Ø Service portability that will follow your members and cases if there is a change in claims administrator.  
What happens to all of your current cases and potential recoveries in the event that you terminate your contract with the health carrier or claims administrator?
- Ø Comprehensive and customizable monthly reporting packages that allows you to track every opened case and budget annual returns
- Ø No "Cherry Picking" or Dollar Minimums allowing for more recoveries
- Ø All fees are on a contingency basis so there are no administrative fees or expenses
- Ø Most important: Proven results with recoveries 3-4 times industry standards
